KANDANISSERI VILLAGE ROADS

260. Mr. Paramel Iype Iype *(Kunnamkulam):* Will Government be pleased to state.—

(*a*) the extent of Kandanisseri Village in Talappalli Taluk;
(*b*) the length of cartable roads there;
(*c*) the amount spent by the Government in that village under communication this year;
(*d*) what is the annual expenditure incurred by the Government under this head during the last three years;
(*e*) are these roads metalled very year and, if not why;
(*f*) whether these roads have been ever metalled during the last ten years;
(*g*) is the Government aware that portions of these roads are washed away during the monsoon leaving deep and dangerous pits on either side of the roads;
(*h*) has the Chief Engineer seen the Chow vallupaid road for the last five years;
(*i*) what is the annual land revenue from Kandanisseri Village;
(*j*) how many public wells and tanks are there in this village;
(*k*) what amounts are spent annually for their maintenance;
(*l*) how many feet deep are those wells;
(*m*) will there be water in those wells and tanks throughout the year;
(*n*) if not, has the Government taken any steps to deepen these wells and tanks?

Mr. Parambi Lonappen *(Minister for Rural Development):*

(*a*) 2020 acres 49 cents.
(*b*) 3 miles 6 furlongs.
(*c*) Rs. 178—13—0.
(*d*) 1118—Rs. 106—0—0.
1119—Rs. 148—0—0.
1120—Rs. 178—13—0.
(*e*) No. Panchayat roads are not generally metalled as the allotment under communication maintenance is very limited.
(*f*) No.
(*g*) Not aware.
(*h*) The Chief Engineer might have seen the road.
(*i*) Rs. 4,042—5—0.
(*j*) 5 tanks and 3 wells.
(*k*) No annual maintenance charges are incurred, but improvements are made whenever necessary.
(*l*) (1) 7 ft. (2) 14 ft. (3) 34 ft.
(*m*) 2 of the wells are of rocky bed and there will not be any water in the dry season. The 3rd one has good supply of water throughout the year. Two of the tanks will always have water and the remaining three will be dry in the dry season.
(*n*) No. Since rock blasting of wells is very costly fresh wells are being proposed to be sunk. The deepening of the tanks can be attended to only when funds permit.
